FOR IMMEDIATE RELEASE

GRANDSTREAM, BANDWIDTH.COM AND VOIP SUPPLY ALIGN TO PROVIDE FULL SOLUTION PACKAGE

Channel Partners Conference & Expo, Seaport Boston Trade Shows & Expositions (August 19, 2008) – Grandstream Networks, Bandwidth.com and VoIP Supply join efforts to offer a competitive full solution package to small-to-medium sized business (SMB) customers. Bandwidth.com, a complete business communications provider offering advanced VoIP, Internet Services and Managed Network Services to the SMB, recently tested and certified interoperability with Grandstream's award winning GXE502x IPPBX and GXP Enterprise phone series on their network. This compelling, end-to-end solution is exclusively available through Grandstream's Certified Partner, VoIP Supply.

Grandstream's GXE502x All-in-One IPPBX is a powerful all-in-one voice + video + fax + data communication solution for the small to medium sized business, especially companies with sub-30 seats per location. Designed from ground up to support distributed IP communications, intelligent unified messaging, advanced application integration and popular PBX features, the GXE502x product family also optimally integrates legacy PSTN trunk and telephone interfaces for fail-safe hybrid communication. The product is expected to rapidly penetrate the SMB with its functionality, ease of use and price point.

"We are very pleased to partner with Bandwidth.com and VoIP Supply to offer a complete VoIP solution to the SMB market." says David Li, CEO of Grandstream Networks. "This partnership merges three strong leaders in IP equipment, managed SIP trunk service and a distribution channel into one ecosystem. This dynamic partnership will provide SMB customers an extraordinary package for their business phone system and call service needs. We look forward to working closely with Bandwidth.com and VoIP Supply to develop promotions with unprecedented value and benefits."

"VoIP Supply is excited to be working with Grandstream and Bandwidth.com to bring this exclusive offering to small business customers. This robust yet affordable offering was built with the small business in mind making it a very compelling solution for anyone in the market for a complete IP based business communication system." Says Ben Sayers, CEO of VoIP Supply.

"Small and Medium sized businesses across North America can now take advantage of an affordable unified communications solution brought together by three leaders in business services and IP equipment. The Grandstream GXE502x is now certified on our national IP network and when bundled with our BoxSet services through VoIP Supply, provide customers an unequaled flat-rate U.S. price for internet, unlimited calling and is available in over 350 markets, says Jeff Uphues, VP of Sales of Bandwidth.com"

ABOUT BANDWIDTH.COM:
