

FOR IMMEDIATE RELEASE

**GRANDSTREAM ANNOUNCES INTEROPERABILITY OF GXE502X ALL-IN-ONE IPPBX WITH
COMMPARTNERS CONNECT IPTRUNKING AND NETWORK SERVICES**

VOICECON SAN FRANCISCO (November 10, 2008) – Grandstream Networks, a leading global manufacturer of high quality and cost-effective IP-PBXs, enterprise gateways, voice and video endpoints for the worldwide VoIP market is pleased to announce that their All-in-One GXE502x IP PBX has achieved interoperability with CommPartners Connect, a nationwide CLEC certified, facilities based network operator.

Grandstream's GXE502x All-in-One IPPBX is a powerful all-in-one voice, video, fax, data communication solution for the small to medium sized business, especially companies with sub-30 seats per location. The GXE502x takes modern business communication systems to a heightened level of innovation, quality, reliability, ease of deployment and affordability.

The CommPartners Connect CLEC network provides business-grade, IP-based voice and other value-added services in 49 states and the District of Columbia. CommPartners Connect delivers reliable, high-quality, and competitively priced carrier and wholesale hosted IP services for business including IPTrunking and broadband services. Their IPTrunking service connected to premise-based equipment like the Grandstream GXE502x enables businesses to leverage their existing or new data connection to simultaneously serve both data and voice needs.

"We are pleased to join with Grandstream to offer a high quality, cost effective IP Communications solution for SMB customers as well as create new sales opportunities for dealers and resellers of our two companies," said Mark Peterson, EVP, Sales and Marketing at CommPartners Connect. "Grandstream dealers now have the opportunity to earn a monthly recurring commission on the resale of our IPTrunking and broadband access services as they deploy the GXE502x, and our wholesale Partners and agents can sell with confidence that this solution has been tested and verified interoperable with our services."

"Grandstream is pleased that our All-in-One GXE502x and CommPartners Connect network are now fully interoperable. This announcement highlights the increased awareness of GXE502x and our concerted effort to make it the most interoperable IPPBX system in the market." says David Li CEO of Grandstream Networks. "We look forward to working closely with CommPartners Connect to provide a competitive turn key solution to small to medium sized businesses."
