

FOR IMMEDIATE RELEASE

**TELEAPPLIANT AND GRANDSTREAM ANNOUNCE INTEROPERABILITY WITH GRANDSTREAM'S
GXE502X ALL-IN-ONE IPPBX**

London, UK (July 15, 2008) – Telappliant, provider of end-to-end VoIP business solutions, plus an operator of its own VoIP network, announced today that they have achieved interoperability with Grandstream's All-in-One IPPBX, the GXE502x. Grandstream Networks is a leading global manufacturer of high quality and cost-effective IP-PBXs, enterprise gateways, voice and video endpoints for the worldwide VoIP market.

The GXE502x All-in-One IPPBX is a powerful all-in-one voice, video, fax, data communication solution for the small to medium sized business, especially companies with sub-30 seats per location. The GXE502x takes modern business communication systems to a heightened level of innovation, quality, reliability, ease of deployment and affordability.

Telappliant's VoIPTalk, a leading UK based VoIP service provider, can provide customers with the best-quality Internet Telephony service possible. The VoIPTalk service is constantly evolving and expanding, with new products such as Grandstream's All-in-One IPPBX helping meet the demands of 21st century business communications. The combined offering is certified interoperable by both companies, guaranteeing, Telappliant's VoIPTalk service works seamlessly with the Grandstream's IP-PBX.

"This announcement represents yet again our excellent working relationship with Grandstream and highlights the need to combine the best of both of our solutions to give the end users one of the best VoIP solutions for the SMB market" Tan Aksoy, CEO of Telappliant said regarding the announcement. He concluded "We are delighted to offer Grandstream's All-in-One solution and we are sure it will be a great successful for all parties."

"Grandstream is pleased that our All-in-One GXE502x and Telappliant's network have achieved interoperability. We believe that this announcement will open a host of opportunity to the small to medium sized businesses located across the world," says David Li CEO of Grandstream Networks. "We

look forward to working closely with Telappliant to provide the most competitive turn key solution to small to medium sized businesses on a global scale.”
