GRP Series of Professional Carrier-Grade IP Phones

The GRP series are state-of-the-art, professional carrier-grade IP phones that were designed for mass deployment. This series of next-generation IP phones features a sleek new design, a re-imagined user experience, unified firmware and powerful feature options including Bluetooth & Wi-Fi support, a dual LCD screen, support for up to 14 lines, customization with personalized faceplates, 5-way conferencing, and more. The GRP2670, GRP2650, GRP2624 and GRP2615 are compatible with the GBX20 Extension Module that adds functionality, versatility and flexibility with up to 40 contacts per module and support for up to 160 contacts by connecting 4 extension modules. For remote and cloud provisioning requirements, the GRP series is compatible with Grandstream's new cloud provisioning platform, GDMS (Grandstream Device Management System). Designed for enterprises, service providers and other high-volume markets, the GRP series offers a powerful, easy-to-use and easy-to-deploy voice platform with next-gen features for high-end users.

GRP Professional Series IP Phones

Sales Kit

The sales kit is a guide to everything you need to know about selling the GRP Series of Professional Carrier-Grade IP Phones. The kit includes: Overview and Basics, Key Differentiators, Comparison Charts, Deployment Scenarios, and Integration with other Grandstream Products.

GRP Series

Professional Carrier Grade IP Phones - GRP2612/P/W, GRP2613, GRP2614, GRP2615, GRP2616, GRP2624, GRP2634, GRP2636, GRP2650, GRP2670

About the Professional IP Phones

The GRP series of professional IP phones are state-of-the-art, carrier-grade IP phones that were designed for mass deployment. This series of next-generation IP phones features a sleek design, a reimagined user experience, unified firmware and powerful feature options including Wi-Fi support, a dual LCD screen and support for up to 14 lines. For remote and cloud provisioning requirements, the GRP series is compatible with Grandstream's new cloud provisioning platform, GDMS (Grandstream Device Management System).

Product Positioning

Designed for enterprises, service providers and other high-volume markets, the GRP series offers a powerful, easy-to-use and easy-to-deploy voice platform with next-gen features for high-end users. The entire collection of IP phones features an intuitive design, a reimagined user experience, unified firmware, and powerful feature options.

Competitive Features

- Models support 4, 5, 6, 8, 12, and 14 lines
- Swappable face plates to allow for easy logo customization
- Dual switched auto-sensing 10/100/1000Mbps Gigabit ethernet ports with integrated PoE
- HD handset, hands-free speakerphone
- Integrated dual-band Wi-Fi & Bluetooth
- Advanced call handling features and capabilities

Professional IP Phones

Advanced Features

The GRP2600 series IP phones are rich in technology, productivity, and built-in PoE conferencing.

- GRP Series of Professional Carrier-Grade IP Phones come equipped with advanced performance-boosting features.
- Noise Shield:** Detects and minimizes background noise, providing a clear sound from the speaker
 - PoE:** Every professional IP phone within the series has PoE capabilities, with an optional PoE model on the GRP2612
 - EHS:** Electronic Hook Switch support for Plantronics, Jabra, and Sennheiser headsets
 - Enterprise Security:** Designed for large-scale deployments, these IP phones support secure boot, dual firmware images, AES encryption, SRTP, TLS, 802.1x media access control, and MD5 and MD5-session based authentication

Mass Deployment Friendly

Like the rest of the GRP2600 series, the professional carrier-grade IP phones are designed for mass deployments and ITSP friendly.

- Single Firmware:** All Grandstream GRP2600 series IP phones share a single firmware version, streamlining the firmware upgrade process across all devices
- Cloud Management:** ITSPs and large companies can organize all their deployments into various sites within GDMS, and then create configuration templates based on payment plans, subscription level, and more

Zero Touch Provisioning

The GRP Series of Professional IP Phones can be configured and managed entirely from the cloud or from an IP PBX.

- Grandstream Device Management System (GDMS):** Grandstream's cloud-based provisioning platform enables installers to provision and configure devices before, during, and after deployments via a centralized online platform
- UCM IP PBX:** For deployments using Grandstream's UCM series of IP PBXs, GRP2600 devices can be configured via the UCM's web-UI
- Zero-Config:** This feature allows preset templates to be created via the UCM IP PBX and pushed when the phone is connected to the network

GRP Professional Series IP Phones

Product Series Messaging

Tagline	GRP Series of Professional Carrier-Grade IP Phones made for mass deployment and easy management		
Subhead	Designed to offer zero-touch provisioning, a sleek design and next-generation features to enterprises, service providers and high-volume markets.		
Target Audience	Service providers, mass deployment scenarios, multi-site businesses, enterprises, school districts, retail/hotel chains		
Product Description	The GRP2600 series are state-of-the-art, professional carrier-grade IP phones that were designed for mass deployment. This series of next-generation IP phones features a sleek new design, a re-imagined user experience, unified firmware and powerful feature options including Bluetooth & Wi-Fi support, a dual LCD screen, support for up to 12 lines, customization with personalized faceplates, 5-way conferencing, and more. The GRP2624, GRP2670 and GRP2615 are compatible with the GBX20 Extension Module that adds functionality, versatility and flexibility with up to 40 contacts per module and support for up to 160 contacts by connecting 4 extension modules. For remote and cloud provisioning requirements, the GRP series is compatible with Grandstream's new cloud provisioning platform, GDMS (Grandstream Device Management System). Designed for enterprises, service providers and other high-volume markets, the GRP series offers a powerful, easy-to-use and easy-to-deploy voice platform with next-gen features for high-end users.		
Customer Challenges	Service providers need the devices to be pre-configured before they go out or allow them to be automatically provisioned as soon as they are plugged in	Enterprise's and multi-site businesses looking for a solution where their entire communication network can be setup, provisioned, managed and monitored centrally.	Mass deployment tool that allows the channel to make large deployments as easy as possible
Customer Solutions	This series allows service providers to redirect their own management or configuration platforms to GDMS for all provisioning, configuration, management and monitoring – rather than having to integrate each device directly into their own management platform.	GDMS has no limit as to the number of devices and makes managing separate offices, departments, and locations as easy as possible by combining it all into once account while allowing you to setup and manage each of those by site, sub-site, model, batch all from one centralized platform and account.	This centralized cloud provisioning and management platform offers channel partners a tool to take-on large volume opportunities from enterprises, multi-site businesses, service providers and more. Providing customers with quick and easy zero-touch provisioning while also providing on-going monitoring and easy IT task scheduling.

GRP Professional Series IP Phones

GRP2610(P) Datasheets

2-line Carrier-Grade IP Phone

GRP2610 • GRP2610P

The GRP2610 is a powerful 2-line carrier-grade IP phone designed with zero-touch provisioning for mass deployment and easy management. It features a sleek design and a suite of next-generation features including 8 virtual multi-purpose keys (VPKs), a color LCD with swappable face plates for easy logo customization and more. The GRP series includes carrier-grade security features to provide enterprise-level security, including secure boot, dual firmware images and encrypted data storage. For cloud provisioning and centralized management, the GRP2610 is supported by Grandstream's Device Management System (GDMS), which provides a centralized interface to configure, provision, manage and monitor deployments of Grandstream endpoints. Built for the needs of desktop workers and designed for easy deployment by enterprises, service providers and other high-volume markets, the GRP2610 offers an easy-to-use and easy-to-deploy voice endpoint.

2 LINES

Supports 2 SIP accounts and 2 multi-purpose line keys

LCD

Swappable faceplate to allow for easy logo customization

SECURITY

Equipped with noise shield technology to minimize background noise

GDMS

Supported by GDMS which provides a centralized interface to configure, provision, manage and monitor

HD

HD audio supporting all major codecs, including wideband codecs G.722 and Opus

KEYS

Up to 8 BLF keys

SECURITY

Enterprise-level protection including secure boot, dual firmware images, and encrypted data storage

5 WAY

Supports 5-way audio conferencing for easy conference calls

Protocols/Standards	SIP RFC3261, TCP/IP/UDP, RTP/RTCP, HTTP/HTTPS, ARP, ICMP, DNS(A record, SRV, NAPTR), DHCP, PPPoE, TELNET, TFTP, NTP, STUN, SIMPLE, LLDP, LDAP, TR-069, 802.1x, TLS, SRTP, IPsec
Network Interfaces	Dual switched auto-sensing 10/100 Mbps Ethernet ports (GRP2610) Dual switched auto-sensing 10/100 Mbps Ethernet ports with integrated PoE (GRP2610P)
Graphic Display	2.4 inch (320x240) TFT color LCD
Feature Keys	2 line keys with up to 2 SIP accounts, 4 XML programmable context sensitive softkeys, navigation/menu keys, 8 dedicated function keys for: MESSAGE(with LED indicator), TRANSFER, HEADSET, MUTE, SEND/REDIAL, SPEAKERPHONE, VOL+, VOL-
Auxiliary Port	RJ9 headset jack (allowing EHS with Plantronics headsets)
Voice Codecs and Capabilities	Support for G.729A/B, G.711µ/a-law, G.726, G.722(wide-band), G.723, iLBC, OPUS, in-band and out-of-band DTMF(in audio, RFC2833, SIP INFO), VAD, CNG, AEC, PLC, AUB, AGC
Telephony Features	Hold, transfer, forward, 5-way conference, call park, call pickup, shared-call-appearance(SCA)/bridged-line-appearance(BLA), downloadable phonebook(XML, LDAP, up to 1000 items), call waiting, call log(up to 1000 records), XML customization of screen, off-hook auto dial, auto answer, click-to-dial, flexible dial plan, hot-desking, personalized music ringtones and music on hold, server redundancy and fail-over
HD Audio	Yes, HD handset and speakerphone with support for wideband audio
Base Stand	Yes, 2 angle positions available, Wall Mountable (Wall Mount *sold separately)
QoS	Layer 2 QoS (802.1Q, 802.1P), and Layer 3 (ToS, DiffServ, MPLS) QoS
Security	User and administrator level passwords, MD5 and MD5-sess based authentication, 256-bit AES encrypted configuration file, SRTP, TLS, 802.1x media access control, secure boot.
Multi-language	English, German, Italian, French, Spanish, Portuguese, Russian, Croatian, Chinese, Korean, Japanese and more
Upgrade/Provisioning	Firmware upgrade via FTP/TFTP/HTTP/HTTPS, mass provisioning using GDMS/TR-069 or AES encrypted XML configuration file
Power & Green Energy Efficiency	Universal power adapter included: Input:100-240V ; Output: +5V, 0.6A ; Integrated Power-over-Ethernet(802.3af) IEEE 802.3az Energy-Efficient Ethernet Max power consumption 3W (power adapter, GRP2610) or 3.8W (PoE, GRP2610P)
Temperature and Humidity	Operation: 0°C to 40°C Storage: -10°C to 60°C Humidity: 10% to 90% Non-condensing
Package Content	GRP2610 phone, handset with cord, phone stand, 5V power adapter (with GRP2610 only), network cable, Quick Installation Guide
Physical	Dimension: 203mm x 186mm x 28mm ; Unit weight: 0.4kg ; Package weight: 0.9kg
Compliance	FCC: Part 15 Class B; FCC Part 68 HAC CE: EN 55032; EN 55035; EN IEC 61000-3-2; EN 61000-3-3; EN IEC 62368-1, RCM: AS/ NZS CISPR 32; AS/NZS 62368.1; AS/CA S004/S040. IC: ICES-003; CS-03, Part V.

GRP Professional Series IP Phones

GRP2615 Datasheets

10-line Carrier-Grade IP Phone

GRP2615

The GRP2615 is a high-end carrier-grade IP phone designed with zero-touch provisioning for mass deployment and easy management. It supports 10 lines and 5 SIP accounts while featuring a sleek design and a suite of next-generation features including integrated Wi-Fi 6, Bluetooth support, 40 multi-purpose keys (MPKs), an available extension module, dual Gigabit ports and more. This device features a large 4.3 inch color LCD with swappable face plates to allow for easy logo customization. The GRP series includes carrier-grade security features to provide enterprise-level security, including secure boot, dual firmware images and encrypted data storage. For cloud provisioning and centralized management, the GRP2615 is supported by Grandstream's Device Management System (GDMS), which provides a centralized interface to configure, provision, manage and monitor deployments of Grandstream endpoints. Built for the needs of busy desktop workers and designed for easy deployment by enterprises, service providers and other high-volume markets, the GRP2615 offers an easy-to-use and easy-to-deploy voice platform.

Wi-Fi	Yes, integrated dual-band Wi-Fi 802.11 a/b/g/n/ac (2.4GHz & 5GHz)
Graphic Display	4.3 inch (480x272) TFT color LCD
Voice Codes and Capabilities	Support for G.729AB, G.711a/b, G.726, G.722(wide-band), G.723, ILBC, OPUS, in-band and out-of-band DTMF on audio, RFC2833, SIP INFO, VAD, CNR, AEC, PLC, AGC, AGC
Telephony Features	Hold, transfer, forward, 3-way conference, call park, call pickup, shared-call-appearance(CA)/bridged-line appearance(BLA), downloadable phonebook(XML, LDAP, up to 2000 items), call waiting, call log(up to 2000 records), XML customization of screen, off hook auto dial, auto answer, click-to-dial, flexible dial plan, hot-desking, personalized music ringtones and music on hold, server redundancy and fail-over
HD Audio	Yes, HD handset and speakerphone with support for wideband audio
Extension Module	Yes (GBX20)
Feature Keys	10 line keys with up to 5 SIP accounts, 5 XML-programmable context sensitive softkeys, 5 navigation/menu keys, 9 dedicated function keys for: MESSAGE(with LED indicator), TRANSFER, HOLD, HEADSET, MUTE, SEND/REDIAL, SPEAKERPHONE, VOL+, VOL-
Base Stand	Yes, 2 angle positions available. Wall Mountable (*wall mount sold separately)
QoS	Layer 2 QoS (802.1Q, 802.1P) and Layer 3 QoS (ToS, DiffServ, MPLS)
Auxiliary Ports	RJ45 headset jack (allowing EHS with Plantronics headsets), USB
Security	User and administrator level passwords, MD5 and MD5-sess based authentication, 256-bit AES encrypted configuration file, SRTP, TLS, 802.1x media access control, secure boot
Multi-language	English, German, Italian, French, Spanish, Portuguese, Russian, Croatian, Chinese, Korean, Japanese and more
Upgrade/Provisioning	Firmware upgrade via TFTP / TFTP / HTTP / HTTPS, mass provisioning with GDMS (Grandstream Device Management System), TR-069 or AES encrypted XML configuration file
Power & Green Energy Efficiency	Universal power adapter included: Input: 100 ~ 240V; Output: +12VDC, 1A Integrated Power-over-Ethernet (802.3af) Max power consumption 6.3W (power adapter) or 7.4W (PoE)
Temperature and Humidity	Operation: 0°C to 40°C, Storage: -10°C to 60°C Humidity: 10% to 90% Non-condensing
Package Content	GRP2615 phone, handset with cord, phone stand, 12V power adapter, network cable, Quick Installation Guide, GPL license
Physical	Dimension: Unit weight: 970g; Package weight: 1480g Dimension: 243mm x 210mm x 82.3mm
Compliance	FCC: Part 15 Class B; Part 15 Subpart C, 15.247; Part 15 Subpart E, 15.407; FCC Part 68 HAC CE: EN 55032; EN 55035; EN 61000-3-2; EN 61000-3-3; EN 62368-1; EN 301489-1; EN 301489-17; EN 300328; EN 301893; EN 62311 RCM: AS/NZS CISPR32; AS/NZS 4268; AS/NZS 62368-1; AS/CA 5004 IC: ICES-003, CS-03; RSS-247; RSS-102

GRP Professional Series IP Phones

GRP2616 Datasheets

6-line Carrier-Grade IP Phone GRP2616

The GRP2616 is a high-end carrier-grade IP phone designed with zero-touch provisioning for mass deployment and easy management. It supports 6 lines and 6 SIP accounts while featuring a sleek design and a suite of next-generation features including integrated Wi-Fi 6, Bluetooth support, 48 virtual multi-purpose keys (MPKs), dual Gigabit ports and more. This device features a 4.3 inch color LCD screen with swappable face plates to allow for easy logo customization and an additional 2.4 inch display screen. The GRP series includes carrier-grade security features to provide enterprise-level security, including secure boot, dual firmware images and encrypted data storage. For cloud provisioning and centralized management, the GRP2616 is supported by Grandstream's Device Management System (GDMs), which provides a centralized interface to configure, provision, manage and monitor deployments of Grandstream endpoints. Built for the needs of busy desktop workers and designed for easy deployment by enterprises, service providers and other high-volume markets, the GRP2616 offers an easy-to-use and easy-to-deploy voice platform.

HD

HD audio, handset and speakerphone with support for wide-band audio

6 LINES

6 line keys with up to 6 SIP accounts

Dual LCD

Dual LCD screens with digital BLF Keys

Enterprise Security

Enterprise-level protection including secure boot, dual firmware images, and encrypted data storage

Wi-Fi 6

Integrated dual-band (2.4GHz and 5GHz) Wi-Fi 6 (802.11 a/b/g/n/ax) - hardware version 5.0 and above

Gigabit

Dual switched auto-sensing 10/100/1000 Mbps Gigabit Ethernet ports with integrated PoE

Swappable Face Plate

Swappable face plates to allow for easy logo customization

Bluetooth

Integrated Bluetooth

Noise Reduction

Equipped with noise shield technology to minimize background noise

GRP Professional Series IP Phones

GRP2624 Datasheets

8-Line Professional Carrier-Grade IP Phone

GRP2624

Part of the GRP series of Carrier-Grade IP Phones, the GRP2624 is a professional 8-line model designed with zero-touch provisioning for mass deployment and easy management. It features a sleek design and a suite of next-generation features including: 5-way voice conferencing to maximize productivity, integrated Wi-Fi 6, Bluetooth support, full HD audio on both the speaker and handset to provide the utmost clarity, EHS support for Plantronics headsets and USB to support Grandstream's GUV Series headsets. The GRP2624 is compatible with the GBX20 Extension Module that adds functionality, versatility and flexibility with up to 40 contacts per module and support for up to 160 contacts by connecting 4 extension modules. The GRP series includes carrier-grade security features to provide enterprise-level security, including secure boot, dual firmware images and encrypted data storage. For cloud provisioning and centralized management, the GRP2624 is supported by Grandstream's Device Management System (GDMs), which provides a centralized interface to configure, provision, manage and monitor deployments of Grandstream endpoints. The GRP2624 is the perfect choice for busy professionals and receptionists who need to manage high call volumes, with advanced functionality. Designed for easy deployment by enterprises, service providers and other high-volume markets, the GRP2624 offers an easy-to-use and easy-to-deploy voice endpoint.

HD

Full-duplex speakerphone with HD audio to maximize audio quality and clarity

Shield

Equipped with noise shield technology to minimize background noise

Gigaset

Dual switched auto-sensing 10/100/1000 Mbps Gigabit Ethernet ports with integrated PoE

5 WAY

Supports 5-way audio conferencing for easy conference calls

Lock

Enterprise-level protection including secure boot, dual firmware images, and encrypted data storage

Faceplate

Swappable faceplate to allow for easy logo customization

Wi-Fi

Integrated dual-band (2.4GHz and 5GHz) Wi-Fi 6 (802.11a/b/g/n/ax) hardware version 5.0 and above

Protocols/Standards	SIP RFC3261, TCP/IP/UDP, RTP/RTCP, HTTP/HTTPS, ARP, ICMP, DNS(A record, SRV, NAPTR), DHCP, PPPoE, SSH, TFTP, NTP, STUN, SIMPLE, LLDP, LDAP, TR-069, 802.1x, TLS, SRTP, IPv6
Network Interfaces	Dual switched auto-sensing 10/100/1000 Mbps Gigabit Ethernet ports with integrated PoE
Graphic Display	5.0 inch (1280x720) TFT color LCD
Wi-Fi	Yes, integrated dual-band WiFi 802.11 a/b/g/n/ac (2.4GHz & 5GHz)
Bluetooth	Yes, integrated
Feature Keys	14 line keys with up to 6 SIP accounts, 6 XML programmable context sensitive softkeys, 5 navigation/menu keys, 9 dedicated function keys for: MESSAGE(with LED indicator), TRANSFER, HOLD, HEADSET, MUTE, SEND/REDIAL, SPEAKERPHONE, VOL+, VOL-
Auxiliary Port	RJ9 headset jack (allowing EHS with Plantronics headsets), USB
Voice Codes and Capabilities	Support for G.729A/B, G.711u/le-law, G.726-32, G.722(wide-band), G.723.1, ILBC, OPUS, in-band and out-of-band DTMF in audio, RFC2833, SIP INFO
Telephony Features	Hold, transfer, forward, 5-way conference, call park, call pickup, shared-call-appearance (SCA)/bridged-line-appearance (BLA), downloadable phonebook/XML, LDAP, up to 2000 items, call waiting, call log/up to 2000 records, XML customization of screen, off-hook auto dial, auto answer, click-to-dial, flexible dial plan, hot-desking, personalized music ringtones and music on hold, server redundancy and fail-over
HD Audio	Yes, HD handset and speakerphone with support for wideband audio, and dual microphone
Extension Module	Yes, GBX20
Base Stand	Yes, 2 angle positions available, Wall Mountable (Wall Mount *sold separately)
QoS	Layer 2 QoS (802.1Q, 802.1P) and Layer 3 (ToS, DiffServ, MPLS) QoS
Security	User and administrator level passwords, MD5 and MD5-sess based authentication, 256-bit AES encrypted configuration file, SRTP, TLS, 802.1x media access control, secure boot
Multi-language	English, German, Italian, French, Spanish, Portuguese, Russian, Croatian, Chinese, Korean, Japanese and more
Upgrade/Provisioning	Firmware upgrade via TFTP/TFTP / HTTP / HTTPS, mass provisioning using GDMS/TR-069 or AES encrypted XML configuration file
Power & Green Energy Efficiency	Universal power adapter included: Input:100-240V ; Output: +12V, 1.0A ; Integrated Power-over-Ethernet(802.3af) Max power consumption 6.2W(power adapter)
Temperature and Humidity	Operation: 0°C to 40°C Storage: -10°C to 60°C Humidity: 10% to 90% Non-condensing
Package Content	GRP2650 phone, handset with cord, phone stand, 12V power adapter, network cable, Quick Installation Guide
Physical	Dimension : Unit weight:1050g ; Package weight:1620g Dimension: 263mm x 210mm x 82mm
GRP2650 Compliance	FCC: Part 15 (CFR 47) Class B CE: EN55022 Class B; EN55024 Class B; EN61000-3-2; EN61000-3-3; EN60950-1 RCM: AS/ACIF S004; AS/NZS CISPR22/24; AS/NZS 60950.1

GRP Professional Series IP Phones

GRP2670 Datasheets

12-Line Professional Carrier-Grade IP Phone

GRP2670

Part of the GRP series of Carrier-Grade IP Phones, the GRP2670 is a professional 12-line model designed with zero-touch provisioning for mass deployment and easy management. It features a sleek design and a suite of next-generation features including: 5-way voice conferencing to maximize productivity, integrated PoE & Wi-Fi 6, full HD audio on both the speaker and handset to allow users to communicate with the utmost clarity, EHS support for Plantronics headsets and integrated USB headset support. The GRP2670 series includes carrier-grade security features to provide enterprise-level security, including secure boot, dual firmware images and encrypted data storage. For cloud provisioning and centralized management, the GRP2634 is supported by Grandstream's Device Management System (GDMS), which provides a centralized interface to configure, provision, manage and monitor deployments of Grandstream endpoints. With 48 Virtual Multi-Purpose Keys (VPM), an easy-to-use 7-inch capacitive touch screen, and support for Bluetooth, EHS (Plantronics) and USB headsets, the GRP2670 is the perfect choice for busy professionals and receptionists who need to manage high call volumes, with advanced functionality. Designed for easy deployment by enterprises, service providers and other high-volume markets, the GRP2670 offers an easy-to-use and easy-to-deploy voice endpoint.

12 LINES

12 lines, 6 SIP accounts

GDMS

Supported by GDMS which provides a centralized interface to configure, provision, manage and monitor Grandstream devices

EHS

RJ9 headset jack allowing EHS with Plantronics headsets, and integrated USB headset support

HD

Full-duplex speakerphone with HD audio to maximize audio quality and clarity

Shield

Equipped with noise shield technology to minimize background noise

Gigaset

Dual switched auto-sensing 10/100/1000 Mbps Gigaset Ethernet ports with integrated PoE

5 WAY

Supports 5-way audio conferencing for easy conference calls

Lock

Enterprise-level protection including secure boot, dual firmware images, and encrypted data storage

Wi-Fi 6

Integrated dual-band (2.4GHz and 5GHz) Wi-Fi 6 (802.11a/b/g/n/ax) hardware version 5.0 and above

Protocols/Standards	SIP RFC3261, TCP/IP/UDP, RTP/RTCP, HTTP/HTTPS, ARP, ICMP, DNS/A record, SRV, NAPTR, DHCP, PPPoE, TELNET, TFTP, NTP, STUN, SIMPLE, LLDP, LDAP, TR-069, 802.1x, TLS, SRTP, IPV6
Network Interfaces	Dual switched auto-sensing 10/100/1000 Mbps Gigabit Ethernet ports with integrated PoE
Graphic Display	7 inch (1024x600) capacitive touch screen TFT LCD
Wi-Fi	Yes, integrated dual-band (2.4GHz & 5GHz) Wi-Fi
Bluetooth	Yes, integrated
Feature Keys	5 navigation/menu keys, 9 dedicated function keys for: MESSAGE(with LED indicator), TRANSFER, HEADSET, HOLD, MUTE, SEND/REDIAL, SPEAKERPHONE, VOL+, VOL-
Auxiliary Port	RJ9 headset jack allowing EHS with Plantronics headsets, USB to support Grandstream's GUV Series headsets and other USB headsets
Voice Codecs and Capabilities	Support for G.729AB, G.711 u/a/law, G.726, G.722(wide-band), G.723, ILBC, OPUS, in-band and out-of-band DTMF(in audio, RFC2833, SIP INFO)
Telephony Features	Hold, transfer, forward, 5-way conference, call park, call pickup, shared-call-appearance(SCAA)/bridged-line-appearance(BLA), downloadable phonebook(XML, LDAP, up to 2000 items), call waiting, call log(up to 2000 records), XML customization of screen, off-hook auto dial, auto answer, click-to-dial, flexible dial plan, hot-desking, personalized music ringtones and music on hold, server redundancy and fail-over
HD Audio	Yes, HD handset and speakerphone with support for wideband audio
Extension Module	Yes
Base Stand	Yes, 2 angle positions available, Wall Mountable (Wall Mount *sold separately)
QoS	Layer 2 QoS (802.1Q, 802.1P) and Layer 3 (ToS, DiffServ, MPLS) QoS
Security	User and administrator level passwords, MD5 and MD5-sess based authentication, 256-bit AES encrypted configuration file, SRTP, TLS, 802.1x media access control, secure boot
Multi-language	English, German, Italian, French, Spanish, Portuguese, Russian, Croatian, Chinese, Korean, Japanese and more
Upgrade/Provisioning	Firmware upgrade via FTP/TFTP / HTTP / HTTPS, mass provisioning using GDMS/TR-069 or AES encrypted XML configuration file
Power & Green Energy Efficiency	Universal power adapter included: Input:100-240V; Output: +12V, 1A; Integrated Power-over-Ethernet(802.3af) Max power consumption 6.5W(power adapter)
Temperature and Humidity	Operation: 0°C to 40°C Storage: -10°C to 60°C Humidity: 10% to 90% Non-condensing
Package Content	GRP2670 phone, handset with cord, phone stand, 12V power adapter, network cable, Quick Installation Guide, GPL license
Physical	Dimension: Unit weight:1.1kg; Package weight:1.65kg Dimension: 267mmx 220mmx 82mm
GRP2670 Compliance	FCC: Part 15 Subpart B(Class B), Part 15 Subpart C 15.247, Part 15 Subpart C 15.407, Part 1 Subpart I, Part 68, 316/317; IC: RSS-247, RSS-Gen, RSS-102, ICES-003, CS-03 Part V; CE: EN 55032, EN 55035, EN 61000-3-2, EN 61000-3-3, EN 62368-1, EN 62311, EN 301 489-1, EN 301 489-17, EN 300 328, EN 301 893; RCM: AS/NZS CISPR 32, AS/NZS 62368.1, AS/NZS 4268, AS NZS 2772.2, AS/CA 5004.
